

# BRADLEY SMITH

Interaction Designer

## INTRODUCTION

Hi, I'm Bradley and I have just finished studying Interaction design at Northumbria University. I am a passionate and creative Interaction designer wanting to make my own mark within the design industry.

## EXPERIENCE

### NatWest

May 2017 – Present

My role within NatWest is an Associate Personal Banker, where I have learnt a variety of skills that are personal and bank related. I enjoy the daily challenges that I face as well as the variety of responsibilities I have within different branches.

### Department Working Pensions (DWP)

March 2018 – April 2018

Create a new service of your own choice. This could be based on a current need or a more fanciful, speculative future need. For this we designed an enhanced biometric passport

### Hedgehog Lab

May 2017 – May 2017

Youseum is currently going to be an app, but how can it be developed more than that. A design sprint that tested and developed my skills as a designer, as well as getting me to think about the future of design and its capability.

### Sage One Live Brief

October 2017 – December 2017

Aimed towards small business in pairs we were given the brief to design an business management and payroll software application for both the employee and employer. Our final designs were an employee and employer mobile application as well as an employer desktop application.

### SME Insurance – Insurance Broker

June 2015 – August 2016

### JD Wetherspoons, Beckett's Bank, Leeds

July 2013 – July 2015

## EDUCATION

### Northumbria University

#### BA (Hons) Interactive Media Design

Sept 2015 – 2018

### Boston Spa Sixth Form

#### 4 A Levels Dist\* – C inc. I.C.T & Media

2013 – 2015

### Boston Spa School

#### 10 GCSE's Dist – C inc. I.C.T

2008 – 2013

## SKILLS

Visual Ideation/Creativity  
Design Software (Photoshop, Illustrator, InDesign, etc.)  
Web Design/Basic HTML & CSS  
Processing  
Arduino  
Ableton
