

SARRAH MOHAMMED

UX/UI DESIGNER

PROFILE

As an extremely enthusiastic and creative individual, I enjoy undertaking challenges that will arrive at a better solution. The knowledge that I have gained with companies such as Eastern Western Motor Group and Hedgehog Lab allowed me to witness a fast paced working environment... skill in which I am still learning to tackle myself. However I believe these key qualities will come in time which will shape my ability to work quickly, think creatively and work effectively as part of a team or on my own.

WORK EXPERIENCE

EASTERN WESTERN MOTOR GROUP JULY 2018

Asking me to come back for the summer, EWMG set me a big task of redesigning their Honda branch website. This included a complete rethink of user flows and interface design. I used bootstrap framework to build the site whilst being mentored by a developer.

Key Skills: Photoshop | Illustrator | Bootstrap |

HEDGEHOG LAB MAY 2016

Involved in an intense four day design sprint, I was in a team to develop UX concepts for the 'Youseum Application'. The purpose of the app is to save objects as memories. We also created design plans for 5, 10 and 20 years time.

Key Skills: Photoshop | Illustrator | Wireframing | Invision |

SAGE ONE LIVE BRIEF OCT 2016 - DEC 2016

Live brief from Sage One, my team mate and I developed visual concepts for the management and payroll software. We developed solutions for the employer and employee perspective with an IOS application on both mobile and tablet.

Key Skills: Photoshop | Illustrator | After Effects | Proto IO | Live final presentation

EASTERN WESTERN MOTOR GROUP JUN 2016 - AUG 2016

Building on new skills that I learnt during the first year of university, I was given a series of small graphic design projects, such as leaflet and poster design. A large project I had was design a new magazine cover for the 66 Reg plate which I later created an animated GIF using After Effects. I also created the graphics for a Work Experience Ebook for the Human Resources Department.

Key Skills: Photoshop | Illustrator | InDesign | After Effects | Dreamweaver

BBC SALFORD | FUTURE MEDIA AUGUST 2014

I was working with the Future Media Department, shadowing the different roles within the team. These roles included business analyst, product owner, user experience designer, developer and technical manager. My favourite the user experience designer, introducing me to graphic and web design techniques.

Key Skills: N/A as I was shadowing
