I have recently graduated Interaction Design with a First Class Honours degree from Northumbria University Newcastle. I have a great interest in design and how it shapes our society,. My work is primarily based around app and web design but I am open to learn new things.

WORK EXPERIENCE

Ted Baker - Sales Advisor
April 2018 - Current

My role is to sell and promote the Ted Baker brand to customers while providing excellent customer service. My duties within Ted Baker are all customer focused. I ensure the products on display look presentable at all times.

Atom Bank
March 2017 - May 2017

I took part in work experience at university where I was able to work with Atom Bank. The project was completed in a group of three. We had 6 weeks to complete the project, from research to a finished concept with a working prototype. The process was very fast paced but was very enjoyable

Sage One Live Project
November 2016

Me and my partner together developed prototypes alongside visual concepts of a payroll application which was aimed at small businesses. This application Included features such as; Shift management and Payroll.

The Orchid Restaurant - Waiter / Barman
July 2014 - May 2018

My job as a barman is to make drinks to fulfil customers needs while ensuring standards are at 100%. Alongside this, I also serve customers their drinks at their table. As a waiter, my job is to greet and customers as they arrive, as well as serving food to their table. While doing this I ensure that all customers are Receiving the best service.

NEXT Retail LTD - Sales Assistant
June 2016 - 24th January 2017

My job was to provide customers with excellent customer service as well as making their shopping experience enjoyable. Alongside this I had to identify customers needs while giving information about the latest products.
